Teacher vocabulary guide

CEFR B1 | Unit 7: Sustainability | Vocabulary

Use the meanings to check sense, then review the learner's own examples.

1. observation: something noticed or measured
2. waste: material that is thrown away
3. reduce: make smaller in amount
4. result: what follows an action
5. Sentence answers vary. Both words must be used in the taught senses and fit the context.
6. survey means a structured way of collecting information; estimate means an approximate calculation.
7. Accept supported connections to the supplied context. Ask which detail justifies each choice.

Review notes

The eight-card page supports retrieval. Concrete pictures illustrate only the sense defined here. Accept other accurate examples; a familiar spelling alone does not establish the right sense.

Placement

B1-U07 / ESL.VOC. Original supplementary practice. Skill links are proposed for review. Completion does not establish CEFR proficiency.
