Teacher writing review

CEFR B2 | Unit 6: Innovation | Writing

Open responses need qualified review. Use this guide to discuss a useful next revision.

Task and audience

Write a balanced evaluation of the two reminders. Explain functions, access needs, evidence limits and ongoing maintenance.

Meaning and evidence

Check the supplied context. The response should preserve relevant facts, conditions and uncertainty. Do not reward an invented claim as evidence.

Organization

Look for an order that helps the intended reader. At early levels, clear linked information is enough; advanced responses need controlled development and cohesion.

Language choices

Discuss one effective word choice and one form to revise. Consider the unit focus: Reduced relatives can make descriptions concise when the relationship stays clear: messages sent automatically. Have/get something done describes arranging a service. Ellipsis removes repeated words when the meaning remains recoverable.

Review status

Record feedback as teacher review. A completed draft or self-check does not verify correctness, skill mastery or a CEFR level.
