Teacher writing review

CEFR B2 | Unit 8: Resources | Writing

Open responses need qualified review. Use this guide to discuss a useful next revision.

Task and audience

Write an analytical allocation recommendation. Show the figures, justify the criteria and identify conditions and review measures.

Meaning and evidence

Check the supplied context. The response should preserve relevant facts, conditions and uncertainty. Do not reward an invented claim as evidence.

Organization

Look for an order that helps the intended reader. At early levels, clear linked information is enough; advanced responses need controlled development and cohesion.

Language choices

Discuss one effective word choice and one form to revise. Consider the unit focus: Match the verb to the head noun: a proportion is; several groups are. Partitives such as half of the slots refer to a specified whole. Make the comparison and its denominator explicit.

Review status

Record feedback as teacher review. A completed draft or self-check does not verify correctness, skill mastery or a CEFR level.
