CEFR C2 | Unit 2: Evidence | Grammar

Read the explanation, then complete or revise each item.

Name _____ Date _____

## Notice the form and meaning

Control the scope of qualifications so they attach to the intended claim. Concession may preserve a limited truth while rejecting a broader inference. Avoid grammatical parallelism that falsely equates measures.

**1. Qualify: The scheme has an 84 percent success rate.**

**2. Use concession without accepting causation.**

**3. Clarify only: Only participants who attended four sessions completed 84 percent.**
